*Kerry Cross, EMS-Training Supervisor
Guilford County Emergency Services*

I started my career with GCEMS in 1992 after receiving an Associates Degree in Emergency Medical Science from Guilford Technical Community College. My progression over the next several years was to Paramedic, Field Training Officer, Field Supervisor (Captain) then into the Administration section as a Training Supervisor in 2014. I spent 20 years serving on the Special Operations Unit, attached to Guilford County Sheriff's Office and Greensboro Police Departments Tactical Units. I served as Assistant Team Leader then Team Leader of the SOU team. It has been a great pleasure serving my community and fellow front-line responders for so many years. The biggest thing I have learned is you can do anything as long as you maintain a cohesive team.
